Anchor chain – extra 20m
--	---

## Maritimo M60 Motoryacht *Oceans Apart*

Maritimo sought to create owner-driver boat that is user friendly for cruising. In fact, there is no more serious production or semi-production 60-footer for passagemaking and liveaboard boating on the local market. In many ways, the Maritimo 60 redefines what we know and have come to accept about motorboating. The boat reflects the efforts of a very committed and considerate boatbuilder. Many of the ideas are borne out of experience, and it will take a seasoned skipper to appreciate them. The wow factor is within.

From the modern construction methods, efficient motors and huge fuel capacity to the redundant plumbing system that lets you isolate, for example, a bathroom in case of leaks, the keys to long-term liveaboard boating are all in evidence. Fuel, water and power are in almost greater supply than at your local marina.

**Practical and comfortable layout - underway or on anchor.**

### **Lifestyle and entertainment**

If ever a boat was designed for living the high life on the high seas – this is one!

Whether you're enjoying an intimate sojourn or partying with friends, entertaining aboard the Maritimo comes naturally.

Featuring a practical & stylish internal staircase that leads to the flybridge is a key feature to the spacious saloon, large leather lounges and entertainment systems.

Ice maker, fridge, wet-bar and LCD TV add to the experience of the this expansive area.

### **A Chefs Delight**

The Aft galley gives convenience to the host with immediate access to the cockpit, where you can dine under the stars.

Fitted with the best in Miele products including Convection Microwave and Espresso Machine atop of a large fridge and freezer, electric cooktop and enough bench space to serve up a feast for all your guests and crew.

## **Below Deck Creature Comforts**

With three spacious and well appointed cabins, the Maritimo M60 ensures that everyone onboard has their own room to move, rest and relax.

The Master stateroom with it's own private ensuite has a large double island berth centered as well as hanging and drawer space for all your needs.

The forward & starboard guest rooms share a common bathroom that acts as the day head. Perfect kids the starboard cabin is laid out with two single beds, whilst the forward cabin has another large double bed.

All cabins are air conditioned for comfort along with the saloon & bridge.

## **Cruise forever and beyond!**

Set-up to circumnavigate Australia, a trip that it did with ease, this superb cruising vessel has an extensive list of extra's to make this kind of passage making a breeze.

Everything from additional refrigeration and crew quarters to the highest level electronics and safety equipment, the fastidious owner took no short cuts in ensuring everything he would need on such a colossal trip was there when he needed it.

The time and effort put into making this boat so special is hard to fathom, but all you have to do is walk on and drive away!

## SBM Maritimo Sydney

Our team has been matching the right boat to the right families & individuals for over 25 years. A passion we share is to ensure you end up with a safe and sound lifestyle investment.

You will encounter friendly faces at SBM Maritimo Sydney, with an emphasis on timely and efficient service within a family environment.

Barbara Batton, who happens to be my Mum, is the company secretary, the "Boss" on all accounts. She will be your first point of call.

Our sales team, Steve Batton, David Stevens, Ryan Durman and Brent McKinnon, all have years of marine industry experience. Ryan, being a shipwright, also heads up customer service department.

Andrew Scard, a Chartered Accountant, is our General Manager. He oversees all business operations, ensuring professionalism at every turn.

This dealership stands apart from others with its level of service, especially after sales. Whether you want to buy or sell a boat, get great value marine insurance, finance/refinance, we are here at your beck and call. Maybe, you simply just want some general advice on boating, we want to be of assistance to you. Just drop in or call!

We look forward to assisting with your enquiry or finding your next boat, whichever it may be.

**Happy and Safe boating!**

**Steve Batton**

**Dealer Principal .**
